HOPE HAS NO CURFEW

“Cancer Doesn’t Sleep & Neither Will We”
at Relay For Life Rally this Fri., June 15

Pictured from last year’s Relay event are cancer survivors Norma Cummins, Steve Wilson, Alberta Wilson, Lee Berry, Phil Hedges, Carolyn Bradbury, and Kathy Fryman.

Sometimes people wonder why we Relay all night long and stay overnight.

The Relay For Life event symbolizes the journey of a cancer survivor.

RELAY FOR LIFE starts at dusk and ends the next morning. The light and darkness of the day and night parallel the physical effects, emotion, and mental state of a cancer patient while undergoing treatment.

Often times RELAY begins when the sun is setting, symbolizing the time a person has been diagnosed with cancer. Immediately there is a lot of support. People rally to lend a helping hand, much like the Opening Ceremony at Relay when everyone cheers that first lap for Survivors.

As Survivors start their cancer treatment, it’s hard and taxing, just like when the light of day fades into darkness. As midnight comes, teams continue to walk the track, but it gets harder as the walking continues into the 6th and 7th hour and the night gets colder.

This time represents when a cancer patient becomes exhausted, sick, maybe not wanting to go on, possibly wanting to give up. As a Relay participant, you have

Poe celebrates 50 years in business this Saturday

Perry Poe, local auctioneer, real estate broker, and appraiser, is celebrating 50 years of being in business with a cook out and time of remembrance at the Woodmen of the World Gym in Germantown this Saturday, June 16th from 2-5 p.m. The doors will open and the food will be ready by 1:30. Everyone is invited to enjoy fish sandwiches, pulled pork and hot dogs on the grill with all the trimmings.

There will be give-aways, games for the kids and roasting and remembrances of Perry at 3 p.m.

been walking and feel much the same way. You are tired, want to sleep, you may even want to go home, but YOU CANNOT STOP or give up.

Around 4 to 5 a.m. symbolizes the coming of the end of treatment for the cancer patient. Things are beginning to look brighter, just like the break of dawn. A sense of HOPE emerges. The morning light brings on a new day full of life and new beginnings.

For the walkers who are making laps around the track, when the sun begins to peak, there is a strong sense of HOPE that they too can make it through.

As we make the final lap, as a cancer survivor gets the final clearance from their doctor, we celebrate and we cross the finish line together.

It wasn’t easy - It took a team. It took commitment. It took Hope.

From dusk to dawn, Relay symbolizes the journey of a survivor. By walking through the night, teams visibly show their commitment and dedication to making the journey for and with their loved ones.

Relay is an opportunity for all of us to honor cancer survivors and remember those who lost the battle while renewing our commitment to fight back and hope for a cure.

Although you will enjoy fun and fellowship throughout the event, take a moment in your heart to remember the true purpose of Relay For Life ... HOPE HAS NO CURFEW.

Miller’s Home Center holds Grand Opening in Brooksville

Miller’s Home Center in Brooksville held their Grand Opening this past Saturday, June 9. Customers were treated to lunch and door prizes in the afternoon. Daryl “Doc” Emery fixed his famous ribs, pulled pork, and beef brisket, while Clark Hennessey manned the grill with hotdogs. While General Manager Scott Miller, his family and employees greeted and assisted customers on the lot, Miller Lumber Company employees Mary Sue Tucker and Victor McElfresh handled inside sales.

Miller’s Home Center in Brooksville is the latest venture for the Miller family. In 1956 Jack Miller and his brother, William, purchased Moneyhon Lumber Company located in Augusta. Jack retained and operated Miller Lumber until his death in 1984. The business was then operated by Jack’s widow, Ann, until her death in 1987. Their son, William E. “Skip” Miller, is the current owner of Miller Lumber Company Inc. in Augusta. Each of the Miller children worked with their father and mother while in high school.

Continuing as third generation managers, Skip’s sons, Craig and Scott, are now following in their fathers and grandfathers footsteps by providing quality products in Augusta and now Brooksville. Craig is the General Manager of Miller Lumber Company Inc. in Augusta and Scott is the General Manager at Miller’s Home Center in Brooksville.

The future of the Miller family business ventures seems secure with three granddaughters and

five grandsons to date, who could be involved in the family business in some capacity in the years to come.

Pictured at right are the Miller men, Craig, Skip, and Scott. Pictured below are, Scott Miller, his sister, Carin McFarland, Miller’s Home Center employees Andrew Cummins, Ellen “Sis” Dotson, Alexis Wagner, and the Miller family matriarch, Caroline Miller, and patriarch, Skip Miller.

Gas prices staying consistent in Brooksville, close to national average

Phillip Sutton of Brooksville was in town on Friday, June 8th fueling his tractor at Poor Bob's. While gas prices fluctuate up and down weekly in Maysville and surrounding areas, prices in Brooksville have stayed consistent.

According to a report by GasBuddy.com, average retail gasoline prices in Kentucky have fallen in the past week, averaging \$3.42/gallon on Sunday, June 10th. This compares with the national average that has fallen in the last week to \$3.56/gallon, according to gasoline price website KentuckyGasPrices.com.

Including the change in gas prices in Kentucky during the past week, prices Sunday were lower than the same day one year ago and are 14.5 cents per gallon lower than a month ago. The national average has decreased during the last month and stands lower than this day one year ago.

"While price decreases have heated up on the West Coast, such decreases are drying up in other areas- such as the Great Lakes," said GasBuddy.com Senior Petroleum Analyst Patrick DeHaan. "While current factors still point to some falling gasoline prices in some areas, mainly the West Coast, oil prices haven't continued to shed as much value in the past week. Prices in the past few years have bottomed out in June, we could see a similar situation play out this year," DeHaan said.

CHRISTIAN CONDUCT by Cornelius R. Stam

A man's conduct, in Scripture, is called his "walk"! The Bible has much to say about how we walk, morally and spiritually. Many "walk after their own lusts" (II Pet. 3:3) and "walk in darkness" (John 12:35). Some even "walk in craftiness" (II Cor. 4:2) trying to lead others astray. Indeed, even Christian believers are sometimes careless about their "walk" and so cause others to stumble.

Every true child of God should be very careful about his walk, or conduct. In Eph. 2:8-10 we read that while believers are not saved by good works, they are saved "unto good works." God's grace is the root of our salvation, and good works are the fruit.

Sincere believers in Christ are counted as one with Him, and it is expected of us that "as Christ was raised up from the dead" after having died for our sins, "even so we also should walk in newness of life" (Rom. 6:4).

Christians are exhorted in the Bible to "walk worthy of the Lord, unto all pleasing" (Col. 1:10), to "walk in the spirit" that they might not "fulfill the lust of the flesh" (Gal. 5:16). They are exhorted to "walk worthy of [their] calling" (Eph. 4:1), to "walk in the light" (I John 1:7) and to "walk as children of the light" (Eph. 5:8). They are exhorted to "walk circumspectly, not as fools, but as wise" (Eph. 5:15), to "walk honestly" (Rom. 13:13), to "walk in love" (Eph. 5:2) and to "walk by faith, not by sight" (II Cor. 5:7).

Much more is said about the believer's walk in the Bible, but never are we told that it is our "walk," or conduct, that makes us acceptable for salvation. Our failing, stumbling ways could never earn salvation for us. On the contrary we are exhorted to walk pleasing to the Lord out of sheer gratitude to Him.

We were glad to have beautiful triplet girls with us. They are the nieces of Mike and Michelle Lucas. We hope you girls will be back!

Nancy Tompkins was at the piano and Shirley Young at the organ. They played "No One Ever Cared For Me Like Jesus" and "Heaven Came Down". John Cooper blessed us by singing "There's Something About That Name".

Remember in prayer: Robert & Mary Blevins, Albert Blevins (physical therapy & epidural injections in back & possible surgery), Terry Hall (surgery Thurs. for cancer), Ruby Silvey, Delmar Sharp, Goldie & Gordon Moran, Barry Ruf, Shawna McKinney, Janet Morris, Austin Tuel.

Sympathy goes out to the family of Gerald Schiltz. May God give you comfort during this time.

There were 13 that went to Bracken Center today. Angie McKinney was at the piano. John Harmon & Homer Burton assisted in leading the singing. We were glad to have Mildred Douglas and Eunice Haygood move their membership to our church family at Chatham. May God bless both of these wonderful ladies. Our prayers are always with all the residents & employees.

Bro. Jackie's message was "Peter's Pentecost Sermon". Acts 2:14-36. The choice is yours....for Jesus or against Him?

We had 18 to Bible Study. Frank & Barb Booth had delicious refreshments.

Sun., June 17 - church picnic, Augusta Park, 4 p.m. Bring a covered dish and relax under the shade trees. Swimming from 6-8 p.m. We provide the chicken & drinks.

OAKLAND CHRISTIAN

by Barbara Browning

After a hot weekend, God saw fit to provide us with much needed rain. Always remember: God comes through in HIS time. Bro. Jim's message told us that when a Christian makes a mistake, Godly sorrow should follow. We should repent, which is remorse plus change. The guilt of your past does not have to determine your future.

Remember "Relay for Life" this weekend.

Fathers' Day finds us giving due honor to them. Find yourself in the Lord's House that day.

Church Board meeting is June 19.

Our sugar drive for Camp Northward is still on-going. The camp season has begun.

Revival is coming July 15-18 with Pat Mooney as Evangelist. Oh what a time we'll have!

Our sympathy to loved ones of Ryan Colvin. Prayer concerns include Juanita King (back surgery in August), Hope Groves, Leah Goshorn, Paige Sapp, Charles Lee Ramsey (cancer), baby Cash Conley, Mary Hamilton, Anna Lee Colemire, Betty McKinney, baby Jack Deering, Danielle Wills, Shawna McKenney, Michelle Caldwell, Robbie Ishmael, Janet Bishop, Estel Hesler, Janet Morris, Austin Tuel, Eudell Hall, Kathy Bell, Judy Monson, Dan Brewer, shut-ins, armed forces, and those with cancer issues.

St. James Bible School will be held June 25 thru June 29 from 6-8:30 p.m. in the Parish Hall. All children preschool thru eighth grade are invited and encouraged to attend.

In the Catholic Church the month of June is dedicated to the Sacred Heart of Jesus and the Church calls on us to spend the month in reflection and prayer to this Sacred Heart that loved humankind so much that Jesus suffered and died just to save us! We should live our lives in such a way that we reveal the Loving Heart of a Merciful God to the whole world.

NEW LIFE FELLOWSHIP

by Beverly Whittaker

It is hard to believe it has been 10 years since the beginning of New Life! What began as a vision from Pastor Doug Tucker and Pastor Jeremiah Hansen has grown into a full-time ministry to reach the needs of the Bracken Co. community and surrounding counties. Appreciation to Sheryl Hicks for making a DVD of the humble beginnings to the present. We also welcomed Pastor Bob Winebarger & his wife who was at Pastor Doug's and Pastor Jeremiah's home church in Lincoln, Nebraska. Pastor Winebarger brought the message this morning. Text was Romans 5:1-11 and was about the blessings of being saved.

Charter members and pioneer members were recognized with plaques. After the service, everyone enjoyed a wonderful cookout and birthday cake.

If you don't have a home church, we invite you to check us out. Our Freestore Food Bank provided food for those in need in our community. Food was passed out last Fri., June 8.

June birthdays: Nathan Kuhl, Eddie Eachus, Barbara Kuhl, Wyatt Thorpe. Anniversaries: Junior & Cindy Woods, and Russell & Sharon Groves.

Next Sun., June 17, we will be observing Father's Day and each of the fathers present will receive a small gift.

Our Wednesday evening fellowship begins at 6:30 p.m. followed by prayer service at 7 p.m. Sunday School classes for all ages begin at 9:30 a.m. and praise and worship begins at 10:30 a.m. Remember God loves you and so do we!

FRIENDSHIP CHURCH

by Pam Brooks

Bro. Kevin's message was from Jeremiah 30. We learned that sometimes your worse times are our best times. Jesus Christ is the answer. Verse 22 says "And you shall be my people and I will be your God".

Our women's retreat was a great success. There were 5 ladies from Friendship that went to Potter's Ranch. We all enjoyed it very much and learned a lot.

Don't forget Father's Day is June 17.

Next women's meeting is July 11 at 5:30 p.m. We will be planning our conference meal.

The conference will be July 14 at 10 a.m. at Friendship Church. We will be having our Fun, Food, and Fellowship Day on Sat., July 14 during our conference. We will have dinner following the service.

Service times: Sunday School 10 a.m., morning worship 11 a.m., Bible Study on Wed. evening 7 p.m. Nursery & children's church are provided during morning worship.

PRESBYTERIAN POTPOURRI

by Les Grooms, pastor Augusta Presbyterian

The Augusta Ministerial Association is going though a time of difficulty. We have relied on St. Augustine in the past to manage the disbursement of funds to the needy. Now we need to make a change. Father Ed is leaving and we are not sure what will happen after that. With that thought in mind, the work of the Ministerial Association will fall on the backs of the remainder of the clergy in Augusta. We will be having a meeting on June 24 to decide what we are going to do.

This past Sunday we had our monthly meeting of the governing body of the church and decisions were made to make sure that the machinery of the church is running smoothly.

Earl Bush was worship leader. Susie Hargett led the singing. Jill Hargett did the power point. Margie was absent, but Genna Lou, Vidie Grace, and Paul continued with the fine music that we have become accustomed to having. Shelby England had children's church.

This week we have the meeting of the women of the church on Monday night; the Committee on Ministry of the Transylvanian Presbytery will meet at our church on Tues. morning; Wednesday we have our monthly Bread Basket Lunch; Saturday night we have our annual celebration of Father's Day.

Jill and Josh's wedding will take place on June 24.

My sermon this week was centered around indescribable. Paul said that Jesus was the indescribable son of God.

Hospice of Hope & Regional KY Works Program join with MC&TC to offer Hospitality Training

In preparation for a new state of the art assisted living facility set to open in Maysville Hospice of Hope is teaming up with the Regional Kentucky Works Program of the Cabinet for Health and Human Services and Maysville Community and Technical College to offer hospitality training.

The 80 hour training program is designed for Regional Kentucky Works clients in the Maysville and surrounding Buffalo Trace region interested in working for the Hospice of Hope facility or other hospitality businesses in the area.

Elizabeth Buckler who has 17 years of experience in the hospitality and catering business will serve as the instructor.

It is anticipated that up to 12 training participants will be accepted initially. The training will be held June 4 to June 28 from 9:00 a.m. to 2:30 p.m., Monday through Thursday, at the MCTC Culinary Arts Institute located at 22 East Third Street in Maysville.

Hospice of Hope initiated the partnership to address the growing needs of assisted living facilities.

"With assisted living comes a whole new skill set," said Director of Development and Public Relations Michael Parker. "It includes a range of customer service, maintenance, linen service, and food service."

Hospice of Hope joined with Regional Kentucky Works and MCTC to provide this unique training option for individuals seeking employment in the hospitality

field.

The curriculum will include an overview of the hospitality industry focusing on real world applications and case studies, food safety to prepare individuals for the ServSafe Certification exam, the culinary techniques of pleasing plating and presentation, and career preparation.

"We selected the applicants from within our clients enrolled in the Kentucky Transitional Assistance Program, also known as K-TAP, to attend this training," said Regional Kentucky Works Director Retha Mullins. "It is our hope that employers within this field will hire them once they have been trained. Our Employment Specialist, Katie Jones, helped the applicants get to the point where they could receive this training."

The material costs for the hospitality training will also be paid for through the Regional Kentucky Works funding received from the Cabinet for Health and Human Services.

"We are pleased to work with Hospice of Hope and Regional Kentucky Works to help people develop the service skills and knowledge they need to work successfully in the new assisted living facility and other hospitality businesses in the area," said MCTC Workforce Solutions Chief Officer Barb Campbell. "It's a win-win for all involved."

For more information contact MCTC Workforce Solutions at 606-759-7141 extension 66120.

Bracken County Community Day Cancelled for 2012

The Bracken County Extension Homemakers organization has sponsored the Bracken County Community Day annually in July for the past several years. The event has always been held at the Bracken County High School. This year, they have been faced with the possibility of a new venue for the event. Superintendent Tony Johnson has informed the Bracken County Extension Homemakers of the impending work to be done on the high school roof during the summer school break. With the risk of the contractor's schedule conflicting with the date of Community Day, the Homemakers have decided, after much discussion, to cancel the Bracken County Community Day for this year only.

They were graciously offered the other school facilities (Bracken County Middle and Taylor Elementary) but it was decided neither would be feasible to accommodate all the activities connected with Community Day. They have had much success working with the high school staff and the cafeteria workers, and they wish to continue that working relationship. They appreciate everyone who has supported Community Day and the Homemakers in the past.

THEY WILL PLAN FOR JULY 2013 AND THEY HOPE TO SEE YOU THERE!

Summer4Life at KBC Blood Drive this Saturday in Augusta

It's a Summer4Life at Kentucky Blood Center (KBC) this year. All donors who give blood will not only be life savers, but they might be a big winner, too. KBC is giving away a 2012 Toyota RAV4 compact SUV to one lucky summertime donor.

Bracken County donors can be part of Summer4Life by donating at the following blood drive:

City of Augusta, Sat., June 16 from 10 a.m. - 2 p.m. at Augusta School on the KBC Bloodmobile at 207 Bracken St.

Everyone who registers to give blood May 19 through Sept. 14 is eligible to win the RAV4. To schedule a donation, visit kvbloodcenter.org or call 800.775.2522.

Blood donors must be 17-years-old (16 with parental consent), weigh at least 110 pounds, be in general good health and meet additional requirements. Sixteen-year-old donors must have a signed parental permission slip, which can be found at kvbloodcenter.org.

About KBC

KBC, the largest FDA regulated blood bank in Kentucky, is a nonprofit organization dedicated to ensuring a safe, adequate blood supply for patients at nearly 70 Kentucky hospitals and clinics in more than 60 counties. KBC relies on volunteers to collect 400 pints of blood per day to meet area patients' needs. Over the last year KBC distributed nearly 130,000 blood components.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! The rain showersthisMondaymorning are most welcome as all the tobacco crops, vegetable and flower gardens are in need of a good drink from Mother Nature! A chance of rain continues through Tuesday, so hopefully, everyone in the county will receive the moisture needed to sustain their tobacco, vegetables and flowers for a while. On Thursday, June 14, we celebrate Flag Day as well as the birthday of the U.S. Army! It was on June 14, 1777, that the Second Continental Congress passed a resolution to adopt the official flag of the United States, but it wasn't until 1916 that President Woodrow Wilson issued a proclamation that officially established June 14 as Flag Day. Even though an Act of Congress in August of 1949 established this date as National Flag Day, it is not a Federal holiday but that should not stop anyone from celebrating this day and displaying the flag proudly! May God bless this country and get her back on the right path!

The path to the Recycling Center became well-wore in May as we hauled a little over thirty thousand pounds of material to the Recycling Center, but we still have a huge problem with boxes! Please, flatten the boxes before putting them into the recycling trailers and if the boxes are filled with recycling material, dump that material into the trailer and then flatten the box. If the box is filled with Styrofoam or plastic packing material, please throw that into the garbage before putting the 'flattened' box into the trailer. A recent trend to create packing material of paper is developing and the paper is perfectly okay to send to recycling; just put the packing material into the trailer, flatten the box and then put it into the trailer! For those of you who have young children, give them the job of

flattening the smaller boxes such as cereal and other food boxes. This gives them something constructive to do (even though it seems destructive!) and teaches them the steps necessary to properly recycle!

There have been a lot of bags of plastic bags in the trailers lately and unfortunately, these do not get recycled. The Recycling Center does not accept plastic bags and their final destination is the landfill. These bags need to be taken to the Licking Valley Senior Center just east of Brooksville where they are reused or to the Wal-Mart, Kroger or Lowe's stores in Maysville where they are recycled. These three chain stores have recycling bins in the lobbies of their stores for convenient drop-off. Parent companies of these stores recycle the bags nationwide creating a huge volume of material. And because they are so large these companies have the storage facilities and buyers to successfully recycle the bags, whereas smaller recycling do not have the volume or the facilities.

Not only did President Woodrow Wilson establish Flag Day in 1916, but he and his family personally observed Father's Day a few days later, thus aiding the move to establish a national day of observance. A couple of quotes we ran across: "My father didn't tell me how to live; he lived, and let me watch him do it; and by the time a man realizes that maybe his father was right, he usually has children who think he's wrong"! Happy Father's Day to all our wonderful Dads who are so very important in a child's life! May God bless each of you as you set the example of caring for Mother Earth by RECYCLING, REUSING and REDUCING to keep God's earth clean, green and beautiful! Be seen' you - Bin & Bug.

Farm Service Agency
Announces Accepted CRP
Offers in Kentucky

John W. McCauley, Executive Director for the USDA Kentucky Farm Service Agency (FSA), announced that 567 offers were determined acceptable during the 43rd Conservation Reserve Program (CRP) general signup. Approximately 18,093 acres will be enrolled under signup 43.

million acres bringing the total program enrollment to 29.6 million acres.

"For more than 25 years, CRP has protected natural resources in Kentucky while providing economic and environmental benefits to rural communities throughout the state," said McCauley. "The newly accepted CRP offers will continue the CRP legacy by improving water and air quality, increasing wildlife habitat and preventing soil erosion," he said.

Landowners enrolled in CRP receive annual rental payments and cost-share assistance to establish long-

term, resource conserving covers on eligible farmland. Accepted contracts will become effective October 1, 2012.

According to McCauley, during 2011, CRP acres reduced nitrogen losses from farm fields by 623 million pounds and phosphorus losses by 124 million pounds. CRP has also restored more than two million acres of wetlands and associated buffers and reduces soil erosion by more than 300 million tons per year nationwide.

All CRP signup 43 offers were evaluated and ranked using the Environmental Benefits Index (EBI) that consists of the following five environmental factors plus cost: wildlife enhancement, water quality, soil erosion, enduring benefits and air quality. The national average rental rate per acre for this sign-up is \$51.24.

For more information please contact your local FSA office or visit <http://www.fsa.usda.gov/crp>.

Sports in Kentucky

by Bob Watkins

Will Louisville and IU put a ‘Pipp’ on Kentucky and Cal?

Things will be better in the morning ...

Let us pause and examine Major League Baseball’s draft last week and find it to be a pragmatic, sober mutually realistic with minimal hype. NBA drafters should be less greedy and so fortunate. Ditto, NCAA rules-makers counting cash as Scrooge McDuck did, by the dump truck load. No time for innovation, let alone political courage to force change.

A few ball coaches will have time.

Jim Calhoun at UConn. With time and space available to study MLB’s model, we can be sure UConn will have a look since Calhoun’s defection-riddled and scholar-poor roster will stay home from the next Big Dance.

Scott Drew. In Waco, Baylor and coach will have three years (probation) to study the MLB model.

In Lexington, University of Kentucky’s baseball team had nine players/prospects selected in MLB draft. A school record. Five are high school seniors who signed with UK, but stand at a clear crossroads today.

Options.

1. Skip college. Haggle for a signing bonus, sign a contract, take an assignment to a

MLB’s bus ride rookie league in Washington state. Job Time.

2. Or, opt for college. Play, study, party, grow and grow up (between the ears), be eligible for MLB draft in 2015.

Easy choice, right?

-

UK PIPPED?

- If IU and Louisville sign a contract, UK may have been Pipped.

When Wally Pipp took a day off from the Yankee lineup June 2, 1925, Lou Gehrig replaced him. Gehrig was such a natural, the lineup stayed the same for the next 14 years.

- What would a UofL-IU series mean for UK short term? Not much if fans enjoy trade offs for Samford and Portland State.

Clearly, Wildcat fans who love the border traditional with IU, and know its competitive and brag rights and a Commonwealth pride that parallels marquee value of Army-Navy, Alabama-Auburn football, the signal to fans from Calipari is – you don’t matter.

Things will be better in the morning, when ...

- Opportunity knocks. A Louisville-Indiana series home-and-home Bloomington-Yum Center, could be the new Dream Game.

CB\$ \$ports schedule-makers wouldn’t hesitate.

- RecruitingcoupforWestern

Kentucky University football. To be aired on ESPN3, Coach Willie Taggart’s Hilltoppers play Southern Miss (12-2 last season) on September 22.

Western can make a show for recruiting prospects on ESPNU again October 11 against rival Troy, and November 1 against traditional rival Middle Tennessee.

- Pascal Benson owns one of the best ever names in Kentucky sports. Three-time letterman at UK, Benson will be inducted into the KHSAA Hall of Fame. At Henderson High, he was an all-state player in football, basketball and baseball.

- I’ll Have Another has one. And another, again and again.

- The decline of thoroughbred horse racing is (media) vastly exaggerated. Belmont Stakes drew its sixth best crowd ever with no triple crown candidate.

-

Things will be better in the morning, when ...

- New pecking order for UK’s Unforgettables. Sean Woods is Morehead State’s new hoops coach. If Woods sustains the Eagles rise in college hoops, he would move past coaches Dale Brown, John Pelphrey (Florida assistant) and just behind Travis Ford (Oklahoma State), Mississippi Valley’s melt-down against Western Kentucky last spring aside, if Woods succeeds at Morehead his next job jump should be spring 2014.

- Kentucky’s boys basketball all-stars will beat Indiana one of these days. Maybe when Hoosiers officials agree to play on a neutral floor ... in Kentucky.

- That University of Kentucky’s football team will be cast as underdog in nine of 12 games, including four SEC games at Commonwealth Stadium, is a motivational hot button for Joker Phillips.

- The Ohio Valley Conference having East and West divisions is a solid leap forward that should increase fan interest and ticket sales across one of the last leagues in college sports. Now, about a television contract.

- If he keeps his scholarship commitment, Derek Willis could become a People’s Choice

caliber player at Kentucky beginning next season. Latest developments ...

1. Willis skipped the ‘cattle show for prima donnas,’ – so-called NBA Player Association for top 100 players camp in Virginia, to play with fellow seniors-to-be against Indiana counterparts.

2. When told last month that his “stock had fallen,” with dot.com experts who rank players based on (pick something), Willis handled it well enough. While the 6-9 forward enjoys the attention, “I don’t worry about that stuff.”

- Jabari Parker is latest hoops phenom prize out of Chicago every coach wants. Here’s a hope that Parker makes himself a referendum on college hoops by saying in some form, “I will choose a college where my coach emphasizes the college experience and earning a degree.”

- Curious thing, Kentucky’s eighth national championship winning basketball team never quite achieved the affectionate embrace of Wildcat fans who tack on a nickname.

- NBA Thug Season will be finished sometime after Father’s Day (June 17).

Never mind, things will be better in the morning.

WORTH REPEATING DEPT.

- Moral high ground? IU officials took it when two things happened recently – coach Tom Crean said “let’s move on,” and John Calipari agreed. But then, true to form, Calipari did not move on, but opened his mouth instead asking reporters last week, “are (IU) fans too poor to travel two hours (to Indianapolis)?”

- On one-and-done in college hoops ...

Mark Cuban, Dallas Mavericks owner: “I just think there’s every good reason to change the rule to wait-3-years. The only people who like the one-and-done concept are fans at Kentucky.”

He added, “For every Kobe (Bryant) or (Kevin) Garnett or Carmelo (Anthony) or LeBron (James), there’s 100 Lenny Cookes.”

Lenny Cooke was a New York high school star who declared for the NBA Draft in 2002, was not selected and never played in an NBA game.

And so it goes.

Adopt-A-Shelter-Dog

Presently we have a Jack Russel, shown at left, a Cocker Spaniel, a small terrier mix, small spaniel mix, a Beagle and a Bull Mastiff. Adoption numbers have been great, but there are always new pets coming in. Often these pets are brought here because the owner is moving to a rental that does not allow pets. Sadly some pets just come from irresponsible people allowing their dogs to run freely and having unwanted pups. Having your dogs spayed or neutered is responsible and in the long run cheaper. Call me for info on a \$55 spay/neuter. Shelter number is 735-3475.

NOTICE OF SALE

In obedience to an In Rem Judgment and Order of Sale entered in the above styled action, I will, as Master Commissioner of Bracken Circuit Court, proceed on

Friday, June 15, 2012
at
10:00 A.M.

AT THE FRONT DOOR OF THE BRACKEN COUNTY COURTHOUSE
(LOCUST STREET SIDE)
Brooksville, Bracken County, Kentucky

to sell the hereinafter described tract of real estate and any improvements thereon. This sale is to satisfy an in rem Judgment and Order of Sale in favor of the Plaintiff against the Defendant herein in the principal sum of \$170,260.27 plus interest at the rate of 6.250% per annum from May 1, 2009 until the date of judgment and thereafter on the entire sum until paid, reasonable attorney's fees, together with amounts for late fees, penalties of late charges, assessments and advancements for the protection of the property including, but not limited to, taxes and insurance, escrow advances, insurance premiums and court costs incurred herein for a total of \$223,334.26.

The real estate to be sold is described as follows:

Address: 301 Frankfort Street, Brooksville, Kentucky 41004

Being a house and lot of approximately one acre, more or less, located at the corner of Willow Street and Kentucky Highway No. 10 in Bracken County, Kentucky.

Subject to conditions, covenants, restrictions, right of ways and easements in existence, including but not limited to those in prior instruments of record; legal highways and zoning ordinances.

SOURCE OF TITLE: Being the same property conveyed to Chrystyanna Marie Tarvin, single, by deed from Helen Jo Wade and John E. Wade, wife and husband, dated February 8, 2007 and recorded February 8, 2007 in Deed Book 182, Page 570, in the Office of the Bracken County Clerk.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court.

Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2012 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

Operation Blue Lights:
KSP Safe Summer Driving Campaign

Operation B.L.U.E. Lights is the summer enforcement campaign for the Kentucky State Police that began June 1 and is picking up speed as it sweeps across the state. The campaign is designed to bring attention to unsafe driving behaviors in an effort to offset the recent spike in traffic deaths on Kentucky roadways.

B.L.U.E. is an acronym designed to remind drivers to focus on these driving-related attributes:

B = Basic traveling safety and vehicle maintenance

L = Lower speed in work zone areas

U = Undivided attention on the road & look for motorcycles

E = Enforcement of speed, DUI and occupant protection

KSP Commissioner Rodney Brewer said the agency implemented this multi-faceted approach to address the increasing number of fatalities on Kentucky roadways. KSP will utilize high visibility patrol in crash corridors and safety check points combined with a public awareness campaign to reach the motoring public.

"We are seeing a climb in crashes, injuries and deaths on our highways and many of these tragedies could have been prevented if drivers had taken the necessary precautions," says Brewer.

"Distracted driving is the number one cause of crashes in Kentucky and it has deadly consequences," says Brewer. "Our goal is to inform drivers about the importance of having a safe vehicle, an alert driver and the need for all passengers to take extra safety precautions when they get behind

the wheel."

KSP has developed a checklist that will be distributed to drivers at safety check points with information about getting their vehicles road ready for summer travel. The agency also plans to utilize social media platforms to blast out safe driving tips.

KSP has designed a 'Safe Driving Pledge' form that troopers will distribute at festivals, fairs and community forums challenging drivers to refrain from unsafe driving behaviors. To obtain a copy of the KSP Safe Driving Pledge, please follow this link http://www.kentuckystatepolice.org/pdf/Safe_Driving_Pledge.pdf

KSP Public Affairs Branch Commander, Lt. David Jude, says the agency will strategically pinpoint 'hot spot' areas where crashes are more prevalent by utilizing the KyOPS system (Kentucky's Open Portal Solution).

"This state of the art database can pinpoint high crash locations by road, mile point, time of day, crash causation, human factor indicators and

more," says Jude. "From this data, we can provide each post with a digital imprint of where crashes are occurring, so they can specifically target those areas with high visibility enforcement"

As of June 3, Kentucky has recorded 49,816 crashes resulting in 305 deaths and 9,366 injuries. Of the fatal crashes, 253 involved motor vehicles and 148 victims were not wearing seat belts.

"These are not just statistics to us," says Jude. "These are human lives. Everyday a family is dealing with the loss of a loved one due to a senseless, yet preventable highway crash."

Citizens can contribute to highway safety by reporting erratic drivers to the Kentucky State Police toll-free at 1-800-222-5555. Callers will remain anonymous and should give a description of the vehicle, location, direction of travel and license number if possible.

To obtain a copy of the KSP Safe Driving Check list, please visit the KSP website at http://www.kentuckystatepolice.org/pdf/Driving_Check_List.pdf.

Carol Dee chosen Bracken County Quilt Club Winner

Each year members of the Bracken County Quilt Club through a collaborative effort create a beautiful quilt to be given away. This year's lucky winner is Carol Dee of Brooksville. She is the proud new owner of an appliqué Baltimore Album quilt. Mrs. Dee was delighted to receive such a prize and promises to put it to good use. Bracken County Quilt Club traditionally holds their big giveaway at Community Day but in light of its cancellation this year the club opted to draw names for the quilt at Art in the Garden the first weekend in June.

Safe Sitter course Tues., June 19th

The Buffalo Trace District Health Department is offering a Safe Sitter® course for 11 to 13 year olds. If your son, daughter, other family member or neighbor would like to earn money this summer babysitting or if they have younger siblings in the household then the Safe Sitter® would benefit them greatly. This class prepares them for the responsibilities of nurturing and protecting children through hands-on training.

Safe Sitter® began because of a tragedy. The accidental death of a nurse's young child while in the care of an adult babysitter prompted Dr. Patricia

A. Keener, an Indianapolis pediatrician, to create Safe Sitter®. In reflecting on her colleague's loss, Dr. Keener recognized the vulnerability of young children when cared for by unprepared providers. Safe Sitter® fills the gap by increasing the availability of safe and nurturing adolescent caregivers.

In March 1980, a mere two weeks after the tragic event, Dr. Keener taught the first Safe Sitter® class at Park Tudor School in Indianapolis, Indiana. That same spring, student classes were taught at Community Hospital, where Dr. Keener was Director of Nurseries. Three years later, Dr. Keener taught the first Instructor Workshop in Indianapolis to train adults to teach children to be better,

safer babysitters.

Safe Sitter® will teach your child the business aspects of babysitting as well as child care essentials, safety for the sitter, injury management, preventing problem behavior, and care of a choking infant or child. Each year nearly 35,000 young adolescents take the course.

The course will be held at The Bracken County Health Department on Tuesday, June 19th from 9 a.m. to 3:30 p.m. Participants need to pack a lunch. The cost for the course is \$16.00 which includes a Safe Sitter® manual for the student to take home with them. Contact Tracy Kielman at 606-564-9447 x 133 for more information or to register.
